Clear

### PRODUCT DESCRIPTION

Highly effective cleaning and disinfecting concentrate especially developed for problem-free removal of green growth (and similar natural dirt and stains) from treated and untreated wood surfaces, also out of scratches, grooves and indentations.

### RECOMMENDED USE

Osmo Gard Clean is ideal for the removal of green growth on garden furniture made of wood or plastic. Also applicable for cladding made of stone (also grave-stones), plastic (check colourfastness), concrete, pebble-dashed concrete, Eternit, among many others.

### INGREDIENTS

5-15 % cationic tensides, <5 % anionic tensides. Contains quaternary ammonium compounds (95 g/kg).

Detailed declaration of ingredients available upon request.

### TECHNICAL DATA

Specific gravity: 0.99 g/cm<sup>3</sup> at 20°C

Viscosity: 23 mPas

pH value: 7

### STORAGE

Up to 2 years and longer if container is kept dry, closed tightly and stored at temperatures between 5 and 35°C. Do not expose to frost during transport!

### SURFACE PREPARATION

Remove loose dirt from the surface with a firm broom/hand broom, brush away coarse dirt.

### METHODS OF APPLICATION

Depending on the level of growth, apply product directly or diluted with maximal 10 parts water with a brush, watering can or pump sprayer onto the dried surface. Do not rinse with water. The green growth will disappear by itself generally after 24 hours. (In case some growth is still present, repeat process.)

Only needs to be rinsed with water directly before surface is recoated e.g. with Osmo wood finishes.

### CLEANING OF TOOLS

Immediately after use, with soap and water.

### COVERAGE

1 litre covers approx. 30-100 m<sup>2</sup> for one application (depending on level of growth).

### NOTE

Avoid direct contact with ornamental and farm plants.

### CAUTION

Irritating to eyes and skin. Very toxic to aquatic organisms. Keep out of the reach of children. Do not breathe vapour/spray. Avoid contact with eyes and skin. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Do not empty into drains, dispose of this material and its container at hazardous or special waste collection point. If swallowed, seek medical advice immediately and show this container or label. Use only in well-ventilated areas.

Safety data sheet upon request.

Danger

## NOTES ON BIOCIDES

Use biocides safely. Always read label and product information before use.

## DISPOSAL

Dispose of leftover product and completely emptied packaging according to local official guidelines (waste code number 08 01 11). Only completely emptied cans can be recycled.

## COLOUR TONES
